CODES:— { American Seed Trade Ass'n.
 { A. B. C. 4th Edition.

C. C. MORSE & Co.,

Wholesale Seed Growers.

Santa Clara, Cal.,

190

The following list of seed represents the varieties we are especially prepared to grow the coming Season of 1902. The prices quoted are for special contract orders and are submitted for your exclusive consideration.

Since in California, winter is our best planting season, it is important that we get your contract order early so that we can plant intelligently. This applies especially to annuals. All biennial crops are limited to our supply of roots and bulbs and we will book orders against the growing crops only so long as in our judgment the prospects are favorable for our filling them, counting on an average crop only. In event of short crops, all orders will be filled pro rata. We will charge cost for bags used in packing.

Terms: June 1st after delivery, or 5 % discount for cash in 30 days.

C. C. Morse & Co. give no warranty, express or implied, as to description purity, productiveness, or any other matter of any seeds they send out and they will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.
